Thursday, May 11 6:30 - Optional Parent Meeting regarding new Human Sexuality Outcomes (Grade 4 & 5 Harding/Shim classes)

This is an optional meeting for parents of those in Mrs. Harding and Ms. Shim's grade 4 and 5 classes. In the upcoming weeks, there will be instruction offered on the curriculum outcomes that focus on the topics on human sexuality (puberty and human biology). All students should have brought home a letter outlining the details and presenting an offer for parents to opt out of this instruction if they so choose.

This meeting is to review the exact lessons that will be presented to students and to open up time for questions or clarification on these topics. This is not a mandatory meeting; it is an invitation for parents to engage in dialogue about the upcoming learning for their students.

CLUE in the Learning Commons!

Mrs. P has the BEST incentives in the Learning Commons! Students who completed at least two book reports this school year had an opportunity to play CLUE today, in culmination of her mystery focus in the library. The activity was complete with popcorn and treats as students competed in the thinking game for prizes. You're the best Mrs. P! Congratulations to all of the students who were able to enjoy the fun!
